

First Nordic STS Conference 24-26 April 2013, Hell, Norway

WEDNESDAY 24.04.13	Meeting room no 1	Meeting room no 2	Meeting room no 3	Meeting room no 4	Meeting room no 5
13.00-14.30 - BLOCK 1 <i>Panel</i>	SESSION 1.1 Socio-Technological transformations and energy: Infrastructures, organisations and users	SESSION 1.2 Digital methods as a topic and a resource for STS	N/A	SESSION 1.4 Problematising media discourses	SESSION 1.5 Enacting time, place and futures
<i>Presentations</i>	<p>1 Harald Rohrer: Socio-technical niches go mainstream: Niche-regime relations in the development of energy-efficient 'passive houses' in Austria</p> <p>2 Jouni K. Juntunen: Socio-technical Configurations on Micro-Generation - A Review of the Literature</p> <p>3 Hanne Cecilie Geirbo & Margunn Aanestad: How does an infrastructure "take place"?</p> <p>Chair: Hanne Cecilie G./Margunn A.</p>	<p>1 Torben Elgaard Jensen: On the consequences of Mapping – a comparison of the cartographic turns in ethnology and STS</p> <p>2 Anders Kristian Munk: Follow the link? Digital tracings of a multi-sited space of research</p> <p>3 Andreas Birkbak: Digitally mediated publics: The case of the Copenhagen 'payment ring' controversy</p> <p>4 Christopher Gad & Steffen Dalsgard: What makes a vote, and what does a vote make?</p> <p>Chair: Torben E. J.</p>		<p>1 Liana Müller: Media coverage on low energy dwellings in Norway</p> <p>2 Helga Sigurðardóttir: Reflections on media discourse controversies regarding digital games</p> <p>3 Marie Antonsen: Governing science through Politics of Emotions? - The Controversy of Early Ultrasound in Norway</p> <p>4 Hendrik Storstein Spilker: Contextualizing media texts: The Norwegian media coverage of "the Piracy wars"</p> <p>Chair: Liana M.</p>	<p>1 Kasper Ostrowski: Enacting New Nordic terror as rootless American innovation or soiled European tradition</p> <p>2 Ana Delgado: Designs on living things: synthetic biology and the will to act at a distant time</p> <p>3 Erik Thorstensen: A critical discussion of narratives in nanotechnology</p> <p>4 Stefanie Jensen: Connecting Cyberpunk to the On Life Manifesto Tracing a Cultural Change from Space to Time</p> <p>Chair: Ana D.</p>
15.00-16.30 - BLOCK 2 <i>Panel</i>	SESSION 2.1 Politics of Infrastructures	SESSION 2.2 Digitalization in the public sector	SESSION 2.3 Negotiating meanings - producing knowledges in science and organisations	SESSION 2.4 Changes in ethical, social and environmental assesments of science and technology	SESSION 2.5 Bevegelser i miljøfeltet - NGOer som motkulturer og samarbeidspartnere
<i>Presentations</i>	<p>1 Line Melby & Merete Lyngstad: Information infrastructure in the making: the case of electronic messaging in Norwegian health care</p> <p>2 Anna Küller: Re-constructing Users to fit the "Inevitable" Emergence of Smart Grids</p> <p>3 Jane Summerton: Politicizing Suffering? - deleted experiences and knowledge politics in transport</p> <p>Chair: Vasilis Galis</p>	<p>1 Aud Obstfelder & Ann Therese Lotherington: Sannsynliggjøring av det usannsynlige: Arbeidet til systemforvaltere av elektronisk pasientjournal</p> <p>2 Anne Kathrine Vadgaard Nielsen: Digitalization, democratization, and municipal practices – An ethnography of the Danish Electoral System</p> <p>3 Lotte Groth Jensen: The creation of overview in a clinical setting</p> <p>Chair: Lotte G. J.</p>	<p>1 Claus Lundgaard Cramer-Petersen: Between generative prototyping and work of synthesis in design: Interplay and adding value in the early concept development</p> <p>2 Anne Hatting: Patterns of standardizing practice in healthcare. An ecological approach to studies of organizing.</p> <p>3 Jenny Eklöf: Mindfulness Science: Negotiating the Boundary between Buddhism and Psychology</p> <p>Chair: Jenny E.</p>	<p>1 Kjetil Rommetveit: Integrated assessments as epistemic networks.</p> <p>2 Rasmus Øjvind Nielsen: Technology assessments in the age of collaboration and competition.</p> <p>3 Ellen-Marie Forsberg: Integrated approaches to assessments of emerging technologies.</p> <p>4 Kristrún Gunnarsdóttir: Disciplinarity and value commitments. Participatory ethnographies of innovation and assessment practices.</p> <p>Chair: Kjetil R.</p>	<p>1 Sylvia Lysgård og Eirik Swensen: Kjetting og kapital – ja takk, begge deler?</p> <p>2 Erlend Hermansen: «Bypassing bureaucracy» - hvordan to miljøorganisasjoner kick-startet verdens største REDD-initiativ</p> <p>3 Hilde Reinertsen: Rom for kritikk: NGO-ers rolle i norsk offentlig debatt om vannkraftprosjekter i utlandet</p> <p>4 Ann-Sofie Kall: Tandløs anpassning eller gångbar kritikk? Miljørelsens politiska användning av vetenskap och teknik</p> <p>Chair: Ann Sofie Kall</p>
16.45-17.30	NATIONAL MEETING For the Norwegian community Chair: Jane Summerton	NATIONAL MEETING For the Swedish community Chair: C.F Helgesson			
19.00-20.00 20.00 -->	MINGLING/Welcome from the committee DINNER				

THURSDAY 25.04.13	Meeting room no 1	Meeting room no 2	Meeting room no 3	Meeting room no 4	Meeting room no 5
09.00-10.30 - BLOCK 3 <i>Panel</i>	SESSION 3.1 Expertise, research practices and politics	SESSION 3.2 Seeing into matter: Sensoring and visualisation	SESSION 3.3 Consumers, citizens and materialities	SESSION 3.4 Expanding and applying practice theory - PART 1	SESSION 3.5 Interdisciplinary and Project management as practice
<i>Presentations</i>	1 Helena Ekerholm: Understanding the ocean: methodological, social and political aspects of 19th century marine zoology 2 Karin Gustafsson: Biological diversity under development. A study of the co-production that is biological diversity 3 Lif Lund Jacobsen: Danish and US seismic research in Greenland during the Cold War Chair: Lif L. J.	1 Nora S. Vaage & Roger Strand: Knowledge production, materiality and aesthetics in bio art 2 Eric Monteiro et al.: Materiality and sensor data 3 Des Fitzgerald: Which lie did we tell? Deception, brain-imaging and the episte-mological politics of 'experimental' scholarship. 4 Kerstin Sandell: Big science in the knowledge society: Designing for the future – making neutron scattering instruments for the European Spallation Source 2013-2015 Chair: Kerstin S.	1 Johan Nilsson: What Makes a Consumer? 2 Mads Dupont Breddam: Thinking the everyday? Modes of configuring personalized offers. 3 Daniel Normark: Maneuvers: human-container-thing assemblages in motion Chair: Daniel N.	1 Thomas Berker: Do the right thing! Introducing moral justification and the thirst for knowledge to the study of practices 2 Marianne Ryghaug: The electric vehicle: Construction of user practices among political actors and change-agents 3 Helen Jøsok Gansmo: User Innovation in energy operation of large buildings 4 Toke Hanstrup Christensen: Bringing practice theory and system transition together in studies of smart grid in households? Chair: Helen J. G.	1 Jonas Kroustrup: Management does matter 2 Claus Bossen: Project management practice in healthcare: Standardization and localisation 3 Peter Danholt: Reading STS informed project management research 4 Svenja Matusall: Social in the Experiment – Potential Roles for Social Scientists in Interdisciplinary Projects Chair: Peter D.
11.00-13.00 - BLOCK 4 <i>Panel - NB! Two hours</i>	SESSION 4.1 Scientific knowledges in policy processes	SESSION 4.2 What is an image? Technoscience and medical images	SESSION 4.3 Animal panel 1: Producing knowledge and new relations - the role of science in human-animal entanglements	SESSION 4.4 Expanding and applying practice theory - PART 2	N/A
<i>Presentations</i>	1 Nora Levold: Eksperters policystrategier på bioteknologirådet 2 Göran Sundqvist et al: Formalisation and Separation: Summarising Science for Climate Policy 3 Robert Jomisko: Reframing Science for Policy Reform 4 Siri Øyslebø Sørensen: Virtuous reason? Knowledge and learning in policymaking: The case of corporate gender quotas in Norway Chair: Siri Ø. S.	1 Merete Lie: Scale and imagination in scientific imaging 2 Manuela Perotta: Training the eyes: Visual literacy in biomedical research 3 Anja Johansen: Becoming electricity, becoming molecular: Notions of the body in the art installation Wave UFO + FILM 30 min. Chair: Merete L.	1 Håkon B. Stokland: A wolf in survey sheet's clothing – Counting and monitoring wolves in Norway from the 1960s until today 2 Ane Møller Gabrielsen: What is a dog? Science and the practices of dog training 3 Mie Seest Dam: Preterm piglets as transnational objects in global biomedical research on nutrition in early life 4 Tone Druglitrø: The Making of Unreliable Witnesses: Investigating Animal Experimentation Controversies in Norway in the 1970s 5 Terje Finstad: Salmon to zebra: Laboratory life in the age of users? Chair: Terje F/Tone D.	1 Marius Korsnes: Which turn is the practice turn taking? A study of how 'practice theory' has been applied in everyday life studies 2 William Trondsen: Tracing constructions of practice and practitioners: The case of smart grid technologies 3 Håkon Fyhn & Jøran Solli: Practice theory in the research process 4 Tomas Moe Skjølvold: Towards an understanding of the political practice Chair: William T.	
14.00-15.30 - BLOCK 5 <i>Panel</i>	SESSION 5.1 Why should scientists collaborate with us?	SESSION 5.2 Images and narratives in climate change debates and energy policy	SESSION 5.3 Exploring controversies: Framing, mapping and boundaries	SESSION 5.4 Subjects, entrepreneurship, management	N/A
<i>Presentations</i>	1 Fern Wickson: The NanoEcotoxEthics Project - Responsible ecological governance 2 Rune Nydal: The Crossover Project - Well constructed systems biology 3 Rita Elmkvist Nilsen: A game of courtship: Preliminary experiences with attracting scientist collaborators 4 Bjørn Myskja: SoRoSol Project - Socially robust solar cells Chair: Fern W.	1 Susanna Lidström: Environmental ocean images – scientific, popular and political debates 2 Katarina Larsen: Narratives and images of energy behavior: consumer participation as de facto climate policy 3 Miyase Christensen: Images of climate change policy and ice 4 Elena Parmiggiani & Vidar Hepsø: Mobilizing heterogeneous forces in the modeling of data: from perplexity to institutionalism Chair: Katarina L.	1 Trine E. Unander: Conserving nature or securing supply of energy: The framing of a renewable energy controversy 2 Hjalmar Bang Carlsen: The moral compositions of the controversies surrounding the Tobin tax – mapping controversies with Boltanski and Thévenot 3 Pia Vuolanto: A framework for analyzing scientific boundary-work Chair: Pia V.	1 Maximilian Fochler: Be entrepreneurial! Cultures of valuing knowledge work in biotech and the academic life sciences 2 Jesper Stilling Olesen: Learning to become a talent - An ethnographic study of the knowing subject in a talent development program 3 Sarah R Davies & Maja Horst: Making sense in science: Personality, responsibility and the management of research Chair: Sarah R D/Maja H.	
16.00-16.45 16.45-17.30 19.00-20.00 20.00-->	KEYNOTE - BRIAN WYNNE PANEL DEBATE MINGLING MAIN CONFERENCE DINNER				

FRIDAY 26.04.13	Meeting room no 1	Meeting room no 2	Meeting room no 3	Meeting room no 4	Meeting room no 5
09.00-10.35 - BLOCK 6 Panel Presentations	SESSION 6.1 Practices and politics in public administration 1 Lucía Liste: Amicable governance or governance-as-usual? An analysis of the Norwegian local governments' engagement with Facebook 2 Rolf Andreas Markussen: The mysterious success of governmental guidelines 3 Lotta Björklund Larsen: X% The birth of a number at the Swedish tax agency 4 Kristin Asdal: An ordinary technology of politics: the office as a device for taking nature into account/ing Chair: Kristin A.	SESSION 6.2 Energy as Relations: Knowledge practices and the Environment 1 Sampsa Hyysalo, Jouni K. Juntunen, Stephanie Freeman: SI_ES_Internet forums and the rise of the inventive energy user 2 Lea Schick & Brit Ross Winthereik: Innovating Energy Futures: Smart Grid as Relations 3 Brit Ross Winthereik & Laura Watts: Cutting Edges: Place and futures in marine renewable energy 4 James Maguire: Icelandic Energy Transitions: From Natural Resources to Energy politics Chair: Sampsa H.	SESSION 6.3 Following clinical practices in public health 1 Mark Elam: From the Birth of the Smokers' Clinic to the Rise of Nicotine Replacement Therapies: How Nicotine Addiction was Made in Sweden 2 Nina Honkela, Eeva Berglund et al: Viral Agency in Heterogenous Assemblages: An interdisciplinary reframing of the challenge to regulate endocrine disrupting chemicals 3 Lisa Lindén: Enacting HPV vaccination in Sweden Chair: Lisa L.	SESSION 6.4 Narratives, meanings and practices 1 Pernille Faxe: Overcoming some limitations – a fusion of phenomenology and ANT in a qualitative research project on male infertility 2 Trine Schreiber: The agency of the mobile applications in relation to study practices 3 Malin Noem Ravn & Tomas Moe Skjølvold: Where Babies come from: the socio-technical creation of families 4 Kristine Ask: Domesticating World of Warcraft: The fallacy of moderation Chair: Kristine A.	N/A
11.00-13.00 - BLOCK 7 Panel - NB! Two hours Presentations	SESSION 7.1 Configuration, innovation and policy processes 1 Per Hetland: The Internet Communicated: Exploring the Pro-Innovation Bias 2 Andreas Laumand Christensen: Participation as 'event': Studying a deliberative device on electronic voting 3 Niels Henrik Jørgensen: Open encryption technology - a contribution to a meso-level analysis of 'technical' factors 4 Marie Ertner: Magic in User Drive Innovation and Design Chair: Marie E.	SESSION 7.2 Engaged or enraged? The public and energy issues 1 Alexandra Klimek: Fearing Resistance - Expecting Support? Experts imagining lay people's concerns in the case of CCS in Norway 2 Henrik Karlstrøm: Are people stupid or are they hypocrites? The NIMBY trap 3 Sara Heidenreich: Imagining knowledge deficits without filling the gap? How offshore wind scientists conceptualize the science-public relation 4 Knut Sørensen: What should we expect from public engagement? 5 Irina Papazu: Bridging the climate awareness gap – forging the missing rungs of the ladder toward environmentally sustainable living Chair: Alexandra K.	SESSION 7.3 Technologies and practices of care in STS-perspectives 1 Hilde Thygesen & Ingunn Moser: Negotiating needs, roles and responsibilities in new telecare scripts: a case-study of the follow-up of COPD-patients at home in a region of southern Norway. 2 Gunnbjørg Karin Aune: Advanced wound management at-a-distance 3 Ger Wackers: Recursive relationships between 'home', 'dignity' and 'dying' 4 Angelos Balatsas-Lekkas: Addressing design for patient safety and exploring methodological issues Chair: Ger W.	SESSION 7.4 Meanings, materialities and agential realism 1 Marja Vehviläinen: Everyday food politics, eating selves, and communities of knowing and doing 2 Anne Jorunn Berg: Hvor ble det av Kyborgen? Om den materielle vendingen i feministisk teori 3 Pirjo Elovaara, de Petris, Finken, Mörberg et al: Meaning making as a becoming: Sociomaterial orientations towards meaning making in organizational settings Chair: Pirjo E.	N/A
13.00-14.00	LUNCH
